## Youth Support Network

*A new vision of change for young people by young people*

The Youth Support Network (YSN) or the Y'S Network is a growing network of young people with a new and better vision for change. They aim to connect, engage and advocate positive change for youth all over Western Sydney and beyond. As part of the Network, young people will have the opportunity to develop as Youth *Ambassadors* where they will be supported, trained and mentored to engage with other young people, schools, local communities, government, corporate agencies and service providers representing the views, issues and visions of young people
